Wooden bed end with wooden slat

HEIGHT ADJUSTMENT

While designing Leo WIDE we paid careful attention to bed height adjustment - it is almost 50cm. Lowest position -30cm provides comfortable usage of bed and also reduces risk of falling. Maximum height - almost 80cm-remarkably ease care of lying patients for medical staff.

SIDE RAILS

Leo wide is available both with long and split side rails.

BED ENDS

Due to bed construction we can offer wide range of bed ends, made of laminated board and solid beech wood.
