- Wet cleaning temperature: 95 °C
- Sterilization up to 120 °C
- Max. working load - 120kg
- Two years guarantee
- **Notice! Mattress is compatible with tilting and adjustable bed frames**

### High-resilience polyurethane foam insert

The ControlCARE 01 mattress, thanks to its functional advantages, is most commonly used in primary medical care. It is made of high-resilience foam, which provides even support for the spine and helps regulate muscle tension during rest. It doesn't impair respiratory, circulatory, or digestive functions.

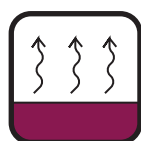

### Cover PU 120 gr/m<sup>2</sup>

Equipped with a zipper, removable, waterproof, breathable, resistant to bacteria and fungi, flame-retardant. The cover is certified by OEKO-TEX.

### Available sizes

Width	Lenght	Height
80cm	190cm	12cm
90cm	200cm	12cm
110cm	200cm	12cm
