INTENDED FOR PREVENTION AND SUPPORT IN THE TREATMENT OF PRESSURE ULCERS UP TO STAGE III (EPUAP)

2

YEARS
WARRANTY

320kg

OEKO
TEX®

Key features:

- Intended for stage III pressure ulcers
- High-resilience polyurethane foam with special cuts core
- Zippered cover made of anti-allergic, waterproof and vapour-permeable material
- Wet cleaning temperature – 95°C
- Sterilization temperature – 121°C
- Max. working load – 320 kg
- Two-year warranty
- **Important! Mattress intended for beds with an adjustable slatted base**

Waffle structure

The waffle structure ensures optimal air circulation thanks to its free flow between the mattress and the patient's body surface. Combined with the use of high-resilience HR foam, which adapts to the patient's body and evenly distributes pressure, the ControlMaxCARE mattress is an optimal solution for the prevention and support in the treatment of stage III bedsores.

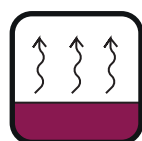

PU Cover 200 g/m²

Equipped with a zipper, removable, waterproof, breathable, resistant to bacteria and fungi, flame-retardant. The cover is certified by OEKO-TEX.
